

Updating A Slideshow Gallery

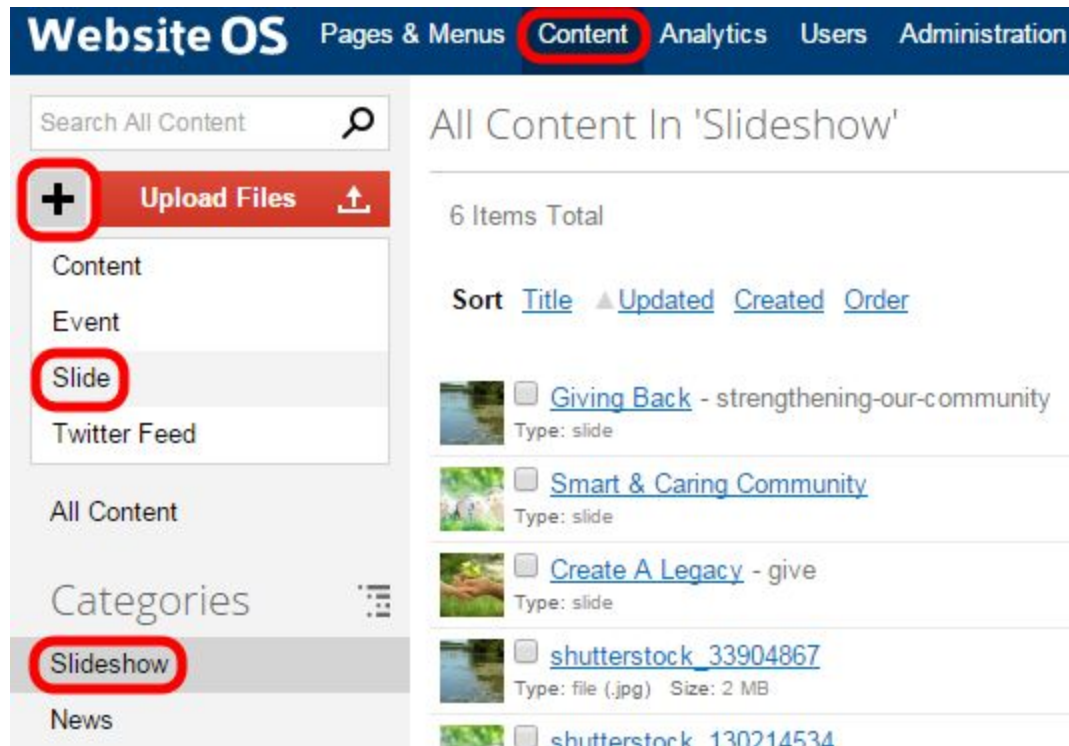

Some websites feature slideshow galleries as a way to draw the eye to feature marketing or links to elsewhere on the site.

The images in the rotating slideshow on the homepage can be updated at any time, such as for particular special promotions or to update feature images to match the season.

To unpublish existing slides select the  icon, or to delete them select .

There are 2 parts to each displayed image, the photo that is uploaded and the slide that it is presented on.

- To add a new image select the “Slideshow” category under the Content section of the CMS, hit  and select “slide” from the dropdown menu.

The screenshot shows the Website OS CMS interface. The top navigation bar includes 'Website OS', 'Pages & Menus', 'Content' (highlighted with a red circle), 'Analytics', 'Users', and 'Administration'. Below the navigation bar is a search bar labeled 'Search All Content'. A red box highlights the '+ Upload Files' button, which has opened a dropdown menu. In this menu, 'Slide' is selected and highlighted with a red circle. Other options in the menu include 'Content', 'Event', and 'Twitter Feed'. Below the menu is a 'Categories' section where 'Slideshow' is also highlighted with a red circle. The main content area displays 'All Content In 'Slideshow'' with 6 items total. The items are listed with their titles, types, and options to sort or browse.

Edit 'Create A Legacy' Slide

Title

The Foundation is available to anyone who would like to give back to the community. Each donor has different means and unique reasons for giving to the Foundation. However, they all share a desire to make our community stronger and more vibrant. Together we can create a legacy that supports our community - today - tomorrow - forever.
